

**BETTER BRAKES
FOR A BETTER WORLD**

ICER is the best and strongest alternative to the companies that have traditionally dominated the market

ENVIRONMENTAL SUSTAINABILITY

- 100% Copper free
- 100% Heavy Metal Free
- 100% Asbestos Free
- ISO 14001 certified

The most extensive line of brake pads on the market for passenger cars and commercial vehicles

Best value for quality OEM

Family owned and operated
100% Made in Spain

PADS

- Europe’s leading independent manufacturer of friction material
- First to market
- ICER is a TIER I and TIER II supplier to European auto makers

When you choose ICER brake pads, you’re using the same friction material formulations that were adopted by the engineers who originally designed your car

If you drive a European car, you should be using ICER Brakes
